## Comments Report

## 2. Your Teaching Assistant (T.A.):

<sup>2.12)</sup> Please provide additional comments about your Teaching Assistant.

- Victoria was always helpful in and out of the discussion sessions. Her positive attitude and enthusiasm made learning important concepts very simple. She always showed great interest in answering questions and was always concerned about her students. By far, one of the most exceptional TA's I have ever had, if not the best.

<sup>2.19)</sup> Please identify what you perceive to be the real strengths and weaknesses of this teaching assistant and course.

- Victoria is an amazing instructor, tutor, and is very organized. Something I experienced with her is something that I had not experienced with another TA or professor had ever done before. Victoria engaged her students into learning more about her individual research and work related to Linguistics. To me personally, this became a life changing experience because it got me motivated into pursuing something in the related field. She showed me the progress of her study and her enthusiasm helped me get excited about the career I will now be pursuing. For that, I will always be thankful.
