Comments Report

4. Comments:

- 4.1) Please identify what you perceive to be the real strengths and weaknesses of this instructor and course.
- I cannot say enough good things about this professor. She is genuinely enthusiastic about course material and explains everything thoroughly. She encourages everyone to seek her assistance outside of class and welcomes every question. I felt very comfortable going to her office hours for extra assistance; she was so welcoming and helpful. Also her assignment and exam material was difficult, but she prepared us well and gave us every resource we needed to succeed. I thoroughly enjoyed her course and would recommend her to anyone.
 - I learned a great deal of valuable material in this class and the instructor was very clear and engaging with her lectures.
 - Professor Mateu is an excellent instructor. She made lectures fun and they were organized. She is more than willing to help students outside of office hours as well. She is one of the most caring instructors I have had at UCLA. The material isn't the easiest, but it's definitely doable with studying and effort. I feel I have learned so much! I can't think of any weaknesses. I enjoyed the way everything was planned for the course. The assignments and readings served a good purpose.
 - Professor Mateu is very knowledgeable and very approachable. She often encouraged us to visit her during office hours or to email her if we had any questions about our projects or the lecture material. She cares about her students and is very effective as an instructor.
- The lecture notes were very helpful and the exams/assignments were fair.
- Overall, a truly excellent professor.
- She is very detail orientated. Each class we were given a lot of information, and she always go everything over thoroughly. She welcomes you when you go to office hours and she is patient to clarify our questions and concerns. I enjoyed this class very much.
 - Victoria is great! She is so knowledgable and passionate about the subject. She's also so friendly and easy to approach outside of class to get help. Her presentations are very well organized. I loved this class.
 - good professor, articulated well, was well prepared, understood material
 - my only criticism is that the lecture handouts were ridiculous. They were always 15-20 pages long and it seemed wasteful to print handouts that long and there was no alternative (like showing us on the projector) if we forgot to print it as well.
